Rental and Cleaning of Portable Toilets for Minnewaska State Park Preserve

No.	IFB Section	IFB Page	Question	Response
1	2.1.1	9	The majority of our portables are gray with translucent white roofs. See attached pictures. Is this acceptable	While colors such as beige and other earth tones are ideal, gray would be acceptable.
2			Can we please see last year's pricing/contract if this was bid?	This information is not available at this time. Bidders should base their bid submissions on the Scope of Work within IFB section 2, Service Requirements.
3	2.1.1	9	Do you consider grey, beige or purple earth tone colors?	Earth tones considered are warm and muted shades of brown, green, gray, and beige.
4	2.4 Attachment 1	10 50	I see you require 1 ADA unit between the months of "July-October", "November-March", and "April to June" as well as 7 standard units from May-October, 6 in November, 3 from December-March and 5 in April, but on page 50 I see are asking for pricing for 60 ADA or handicapped units as well as a total of 325 standard units. Can you please confirm the correct quantity, duration, service frequency (meaning weekly, 2x a week, etc.) and delivery date?	<p>Service is to occur on all placed units on a weekly basis every Friday. The quantities provided on Attachment 1 - Bid Form are for the entire 5-year term of the contract.</p> <p>For ADA Units, one unit is required to be on site year round. 12 months across 5 years is 60 months of rental.</p> <p>Similarly for Standard Units, 65 months of rental are needed in a calendar year. 65 times 5 years of service equals 325 months of rental.</p> <p>-During the months of May through October, 7 units are required each month. -November requires 6 units. -December through March requires 3 units each month. -April requires 5 units.</p> <p>The delivery dates for the units will be coordinated with the Park Manager, or their designee, upon approval of the contract.</p>
