Ultrasonic Buoy Devices

| No. | IFB Section | IFB Page | Question | Response |
|-----|-------------|----------|---|---|
| 1 | 2.1 | 9 | Including Delivery and Installation, we should plan for 3 delivery & 3 Install locations? | As identified in Section 2.1 under Delivery and Installation of Buoys, the vendor should plan to deliver and install to the three (3) locations listed. However, OPRHP reserves the right to change the delivery location of the buoys. |
| 2 | | | A boat will be needed for install. Can NYS Parks provide or should we plan to supply boat for install? | As identified in Section 2.1 Delivery and Installation of Buoys, the vendor should include all costs associated with the delivery and installation of the buoys. |
| 3 | | | Unloading on shipment - Can NYS Parks unload when buoys are shipped or do we need to supply personell & forklift to unload at location? | As identified in Section 2.1 Delivery and Installation of Buoys, the vendor should include all costs associated with the delivery and installation of the buoys. |
| 4 | | | For Installation, do we need to supply forklift to put buoys in water and installations sites. Or can forklift and driver be supplied by NYS Parks. | As identified in Section 2.1 Delivery and Installation of Buoys, the vendor should include all costs associated with the delivery and installation of the buoys. |
| 5 | | | Should tax be included in bid amount? If so, what tax rate or is this tax exempt. | New York State is tax exempt. |
