

- Primary Use Area**
- Close, reopen or develop sections of trails to create a better organized, sustainable trail system
 - Designate trail system
 - Designate the Roosevelt I and Carlsbad parking lots for horse trailer parking
 - Maintain the route of the 5K Certified Cross Country Running Course
 - Maintain winter ski trails

Work with City of Saratoga Springs and NYS Department of Transportation to develop a safe crossing of Route 50 to create connection with the Railroad Run Trail

Develop a trail to connect West Fenlon Avenue to Avenue of the Pines along the west side of the Park

Create an interpretive trail utilizing pathways in the Mall area to highlight cultural and historical resources

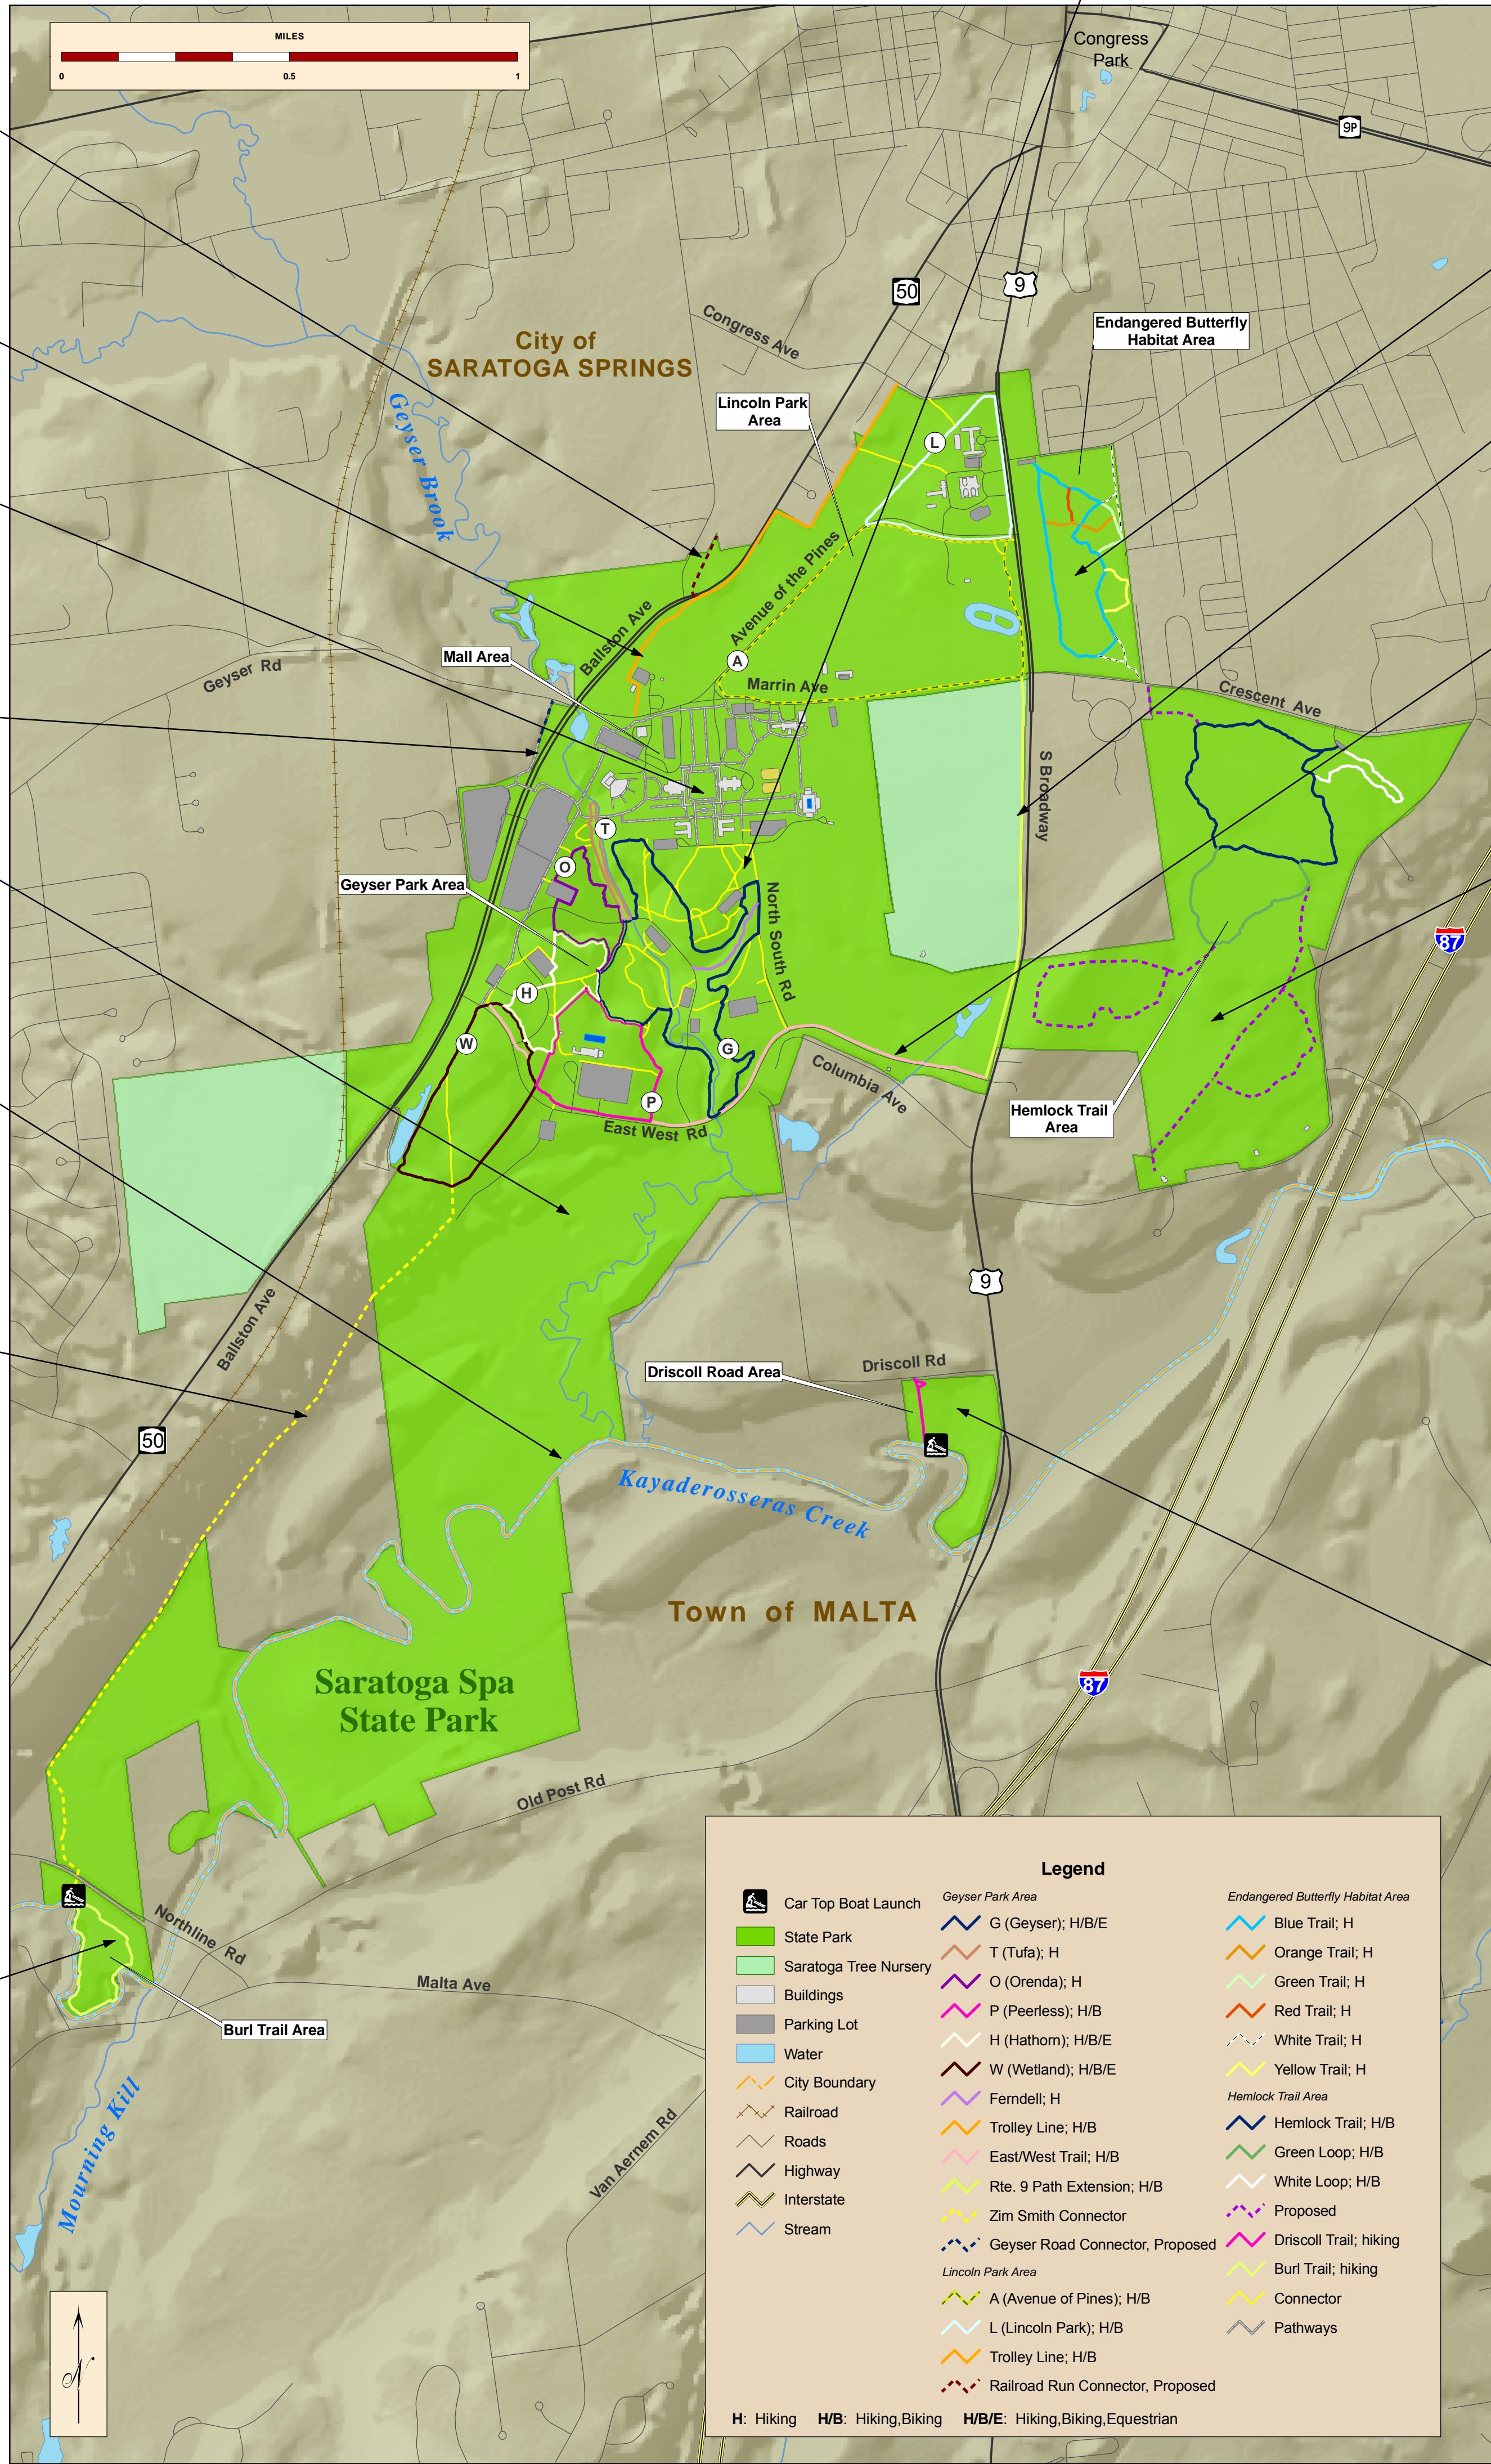

Develop a connection to proposed Geyser Road Trail

Further assess potential for a Wetland Interpretive Trail

Develop a water trail to be part of the proposed Kayaderosseras Creek-Fish Creek Greenway

Develop a connection to Zim Smith Trail

Burl
• Maintain car top boat launch site

Endangered Butterfly Habitat Area
• Maintain hiking trails

Extend paved path south along west side of Route 9 from Marrin Avenue to East-West Road

Develop a stone dust trail paralleling the East-West Road

Hemlock
• Proposed trail expansion

Driscoll
• Maintain car top boat launch site

- General**
- Designate uses including walking/hiking, biking, equestrian, cross-country skiing, snowshoeing and interpretive for each trail.
 - Implement water management measures and/or reroute trail sections to develop sustainable trails.
 - Bring all trails up to use standards.
 - Develop a long-term maintenance and monitoring plan to ensure continued sustainability of the trails system.
 - Expand interpretive programming.
 - Continue coordination with volunteer groups and individuals for the maintenance of the trails system.
 - Explore connections for the park and trails system to mass transit.
 - Work with Town of Milton and City of Saratoga Springs to explore a connection to the Woods Hollow Preserve.

Final Trails Plan

Saratoga Spa State Park
