

Taconic Outdoor Education Center

Fahnestock Memorial State Park "The Four Season Park"

~Pure New York Maple Syrup~

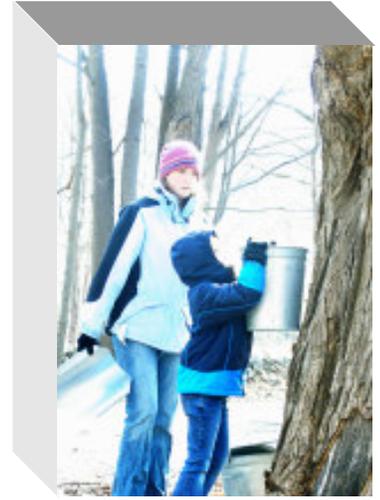

~ Sugaring Season ~

February through March

Since 1988, the Hudson Valley Maple Farm has been producing pure maple syrup products in the Hudson Highlands. We are located in Fahnestock State Park at the Taconic Outdoor Education Center, near Cold Spring in Putnam County. Our goal is to preserve the tradition of maple sugaring while encouraging positive experiences outdoors.

Class Trips - Experience the tradition and history of maple sugaring. Learn how to collect sap from a maple tree and turn it into syrup. Reservations are required.

Annual Festival - Come enjoy our annual March festival and taste one of nature's finest gifts - pure maple syrup.

Maple Sugar Shop - We sell a range of merchandise including maple syrup, t-shirts, and nature guides. All proceeds support the Hudson Valley Maple Farm and the Taconic Outdoor Education Center programs.
