

Amendment 2 Memo

DATE: January 22, 2025

TO: All Potential Bidders

FROM: Becky Kirker

Re: Summary of IFB C003688 Amendment 2 changes.

A. Revisions to IFB

The changes found below are outlined within the IFB document as well. Language that has been added is demonstrated by an underline, language that has been deleted is demonstrated by a strikethrough. Only those paragraphs that include changes are excerpted below. Please see the relevant document for complete language.

Note: Certain conforming non-substantive changes, including formatting and grammar, have been made but not explicitly noted below or in the IFB documents. Any questions regarding this amendment should be asked during the Q&A periods.

**1. Page 9, Section 2. Service Requirements
Removal of language regarding All Vac Truck.**

In the event of a buildup or blockage in the system, the following services will be required:

- Emergency Pump Out: In the event a pit needs to be pumped out to address mechanical issues to avoid overflow situations.
- Snaking: Use of a standard snake to clear clogged drains.
- Jet Truck: A truck equipped with a high pressurized water hose used to clear clogged drains.
- ~~All Vac Truck: A specialized truck used to recycle heavy materials such as sand, grit, or perlite that a standard truck cannot pump.~~
