

New York State Excelsior Conservation Corps

ENVIRONMENTAL CAREER OPPORTUNITIES FOR YOUNG ADULTS

Make a difference while turning your environmental interests into a career!

Under the vision of Governor Andrew M. Cuomo, the Excelsior Conservation Corps (ECC) is a 10-month residential AmeriCorps program, run by the Student Conservation Association, designed to address the environmental and conservation needs of this state while providing leadership opportunities, employment training and college scholarships. There are 40 full-time service positions available with the program starting in late February 2020.

WHO:

Young adults age 18-25 and Veterans up to age 28

WHAT:

Make an immediate difference for the environment and explore careers in conservation! Work on important conservation projects in the field and lead large-scale volunteer initiatives. Receive an array of training to develop your leadership and job skills for a future career in conservation.

WHERE:

During the 10-month service term, ECC members will travel and work at some of the most beautiful and treasured sites across New York State. Our Basecamp is on the SUNY Sullivan Campus.

- Weekly living allowance (\$180/wk)
- Housing and all meals provided
- No-cost health insurance
- Post-service Segal Education Award of \$5,815
