

Table of Contents

VOLUME 1: DGEIS CHAPTERS

Executive Summary	S-1
A. Introduction.....	S-1
B. Description of the Proposed Action	S-1
Project Overview.....	S-1
Construction	S-4
C. Project Background.....	S-6
SEQRA Overview	S-6
Project Development.....	S-8
Purpose and Need.....	S-8
D. Summary of Approvals Required.....	S-9
Interested Agencies	S-10
Interested Parties/Groups	S-11
E. Summary of Potential Impacts.....	S-11
Fjord Trail North.....	S-11
Fjord Trail South.....	S-26
F. Summary of Mitigation Measures.....	S-41
G. Cumulative Impacts	S-52
H. Unavoidable Adverse Impacts	S-52
I. Irreversible and Irrecoverable Commitment of Resources	S-54
J. Supplemental Environmental Review.....	S-54
K. Coastal Zone Management Program Consistency	S-54
L. Climate Leadership and Community Protection Act	S-55
M. Description of Alternatives	S-55
Alternative 1: No Action Alternative	S-56
Alternative 2: Alternative Alignment.....	S-56
Chapter I: Introduction and Background	I-1
A. Introduction.....	I-1
B. Summary of Environmental Review Process.....	I-2
C. Project Setting, History, and Background.....	I-5
Site Location and Description	I-5
Project History and Background	I-7
D. Project Purpose, Goals, Public Need, and Benefits.....	I-9
E. Project Website and Communications	I-10
F. Public Involvement and Outreach.....	I-11
G. Public Review of the DGEIS	I-12
Chapter II: Project Description	II-1

Hudson Highlands Fjord Trail

A. Introduction II-1

B. Project Description II-2

 General Overview of the Proposed Fjord Trail II-2

 Fjord Trail North II-4

 Fjord Trail South II-6

C. Construction and Project Phasing..... II-9

D. Approvals, Reviews, and Permits..... II-13

 Interested Agencies..... II-14

 Interested Parties/Groups..... II-14

Chapter III.A: Land Use and Zoning – Fjord Trail North III.A-1

A. Introduction III.A-1

B. Existing Conditions III.A-1

 Land Use..... III.A-1

 Local Zoning Districts III.A-3

 Public Policy..... III.A-4

C. Future Without the Proposed Action III.A-8

D. Future With the Proposed Action III.A-9

 Land Use..... III.A-9

 Local Zoning Districts III.A-10

 Public Policy..... III.A-10

E. Conclusion..... III.A-13

Chapter III.B: Land Ownership, Management, and Maintenance – Fjord Trail North ... III.B-1

A. Introduction III.B-1

B. Existing Conditions III.B-1

 Landowners within or Adjacent to Fjord Trail North Corridor III.B-1

 Management and Maintenance III.B-3

C. Future Without the Proposed Action III.B-6

D. Future With the Proposed Action III.B-6

 Ownership..... III.B-6

 Management and Maintenance III.B-8

E. Conclusion..... III.B-10

Chapter III.C: Land – Fjord Trail North III.C-1

A. Introduction III.C-1

 Regulatory Context for Slopes and Accessibility III.C-1

B. Existing Conditions III.C-1

 Surficial Geology and Soils III.C-1

 Bedrock Geology III.C-5

 Topography..... III.C-5

C. Future Without the Proposed Action III.C-6

D. Future With the Proposed Action III.C-6

 Surficial Geology and Soils III.C-6

 Bedrock Geology III.C-8

 Topography..... III.C-8

E. Conclusions III.C-9

Chapter III.D: Water Resources – Fjord Trail North.....	III.D-1
A. Introduction.....	III.D-1
Methodology.....	III.D-1
Regulatory Context.....	III.D-2
B. Existing Conditions.....	III.D-4
Groundwater.....	III.D-4
Floodplains.....	III.D-5
Wetlands.....	III.D-5
Surface Waters.....	III.D-7
Stormwater.....	III.D-8
C. Future Without the Proposed Action.....	III.D-8
D. Future With the Proposed Action.....	III.D-9
Groundwater.....	III.D-9
Floodplains.....	III.D-10
Wetlands.....	III.D-11
Surface Waters.....	III.D-12
Stormwater.....	III.D-12
E. Mitigation.....	III.D-13
F. References.....	III.D-14
Chapter III.E: Biological Resources – Fjord Trail North.....	III.E-1
A. Introduction.....	III.E-1
B. Methodology.....	III.E-1
C. Existing Conditions.....	III.E-3
Designations.....	III.E-3
Ecological Communities.....	III.E-4
Plants.....	III.E-7
Animals.....	III.E-10
D. Future Without the Proposed Action.....	III.E-26
Ecological Communities.....	III.E-26
Plants.....	III.E-26
Animals.....	III.E-26
E. Future With the Proposed Action.....	III.E-26
Design Philosophy to Avoid and Minimize Effects.....	III.E-26
Ecological Communities.....	III.E-27
Plants.....	III.E-29
Animals.....	III.E-31
F. Mitigation.....	III.E-50
Ecological Communities and Plants.....	III.E-50
Animals.....	III.E-51
G. References.....	III.E-53
Chapter III.F: Historic and Archaeological Resources – Fjord Trail North.....	III.F-1
A. Introduction.....	III.F-1
B. Methodology.....	III.F-1
Identification of the Area of Potential Effects.....	III.F-2
Identification of Archaeological and Architectural Resources.....	III.F-2
C. Existing Conditions.....	III.F-3

Hudson Highlands Fjord Trail

Archaeological Resources	III.F-3
Architectural Resources.....	III.F-6
D. Future Without the Proposed Action.....	III.F-8
E. Future With the Proposed Action	III.F-8
Archaeological Resources	III.F-8
Architectural Resources.....	III.F-9
F. Mitigation	III.F-10
Chapter III.G: Scenic Resources – Fjord Trail North.....	III.G-1
A. Introduction	III.G-1
Evaluating Visual Impacts.....	III.G-2
B. Existing Conditions	III.G-3
Views of the Trail Corridor	III.G-3
Hudson Highlands Scenic Area of Statewide Significance (SASS).....	III.G-4
C. Future Without the Proposed Action.....	III.G-6
D. Future With the Proposed Action	III.G-6
Potential Visual Impacts During Construction	III.G-6
Potential Visual Impacts of Fjord Trail North.....	III.G-7
Visual Analysis Renderings of Fjord Trail North.....	III.G-9
Visual Impact on the Hudson Highlands SASS.....	III.G-10
E. Mitigation	III.G-10
Chapter III.H: Noise and Air Quality – Fjord Trail North.....	III.H-1
A. Introduction	III.H-1
Noise Fundamentals.....	III.H-1
“A”-Weighted Sound Level (dBA).....	III.H-1
Effects of Distance on Noise	III.H-2
Noise Descriptors Used in Impact Assessment	III.H-2
Noise Standards and Impact Criteria	III.H-3
B. Existing Conditions	III.H-4
Noise.....	III.H-4
Air Quality.....	III.H-5
C. Future Without the Proposed Action.....	III.H-5
Noise.....	III.H-5
Air Quality.....	III.H-6
D. Future With the Proposed Action	III.H-6
Construction Activities	III.H-6
Noise.....	III.H-6
Air Quality.....	III.H-8
E. Conclusion.....	III.H-10
Noise.....	III.H-10
Air Quality.....	III.H-11
Chapter III.I: Recreational and Open Space Resources, Accessibility – Fjord Trail North....	III.I-1
A. Introduction	III.I-1
B. Existing Conditions	III.I-1
Long Dock Park.....	III.I-3
Klara Sauer Trail.....	III.I-3

Denning’s Point.....	III.I-3
Madam Brett Park	III.I-4
Mount Beacon Park.....	III.I-4
The Notch.....	III.I-4
Dutchess Manor.....	III.I-5
Bannerman Island.....	III.I-5
C. Future Without the Proposed Action.....	III.I-5
D. Future With the Proposed Action.....	III.I-6
Construction	III.I-6
Operation.....	III.I-6
E. Conclusion	III.I-10
Chapter III.J: Growth and Community Character – Fjord Trail North	III.J-1
A. Introduction.....	III.J-1
B. Existing Conditions.....	III.J-1
Land Use, Zoning, and Public Policy Characteristics	III.J-1
Population and Housing Characteristics.....	III.J-3
Employment Characteristics	III.J-3
Aesthetic, Visual, and Lighting Characteristics	III.J-4
Historic Characteristics	III.J-5
Traffic and Transportation Characteristics.....	III.J-5
Noise and Air Quality Characteristics.....	III.J-5
C. Future Without the Proposed Action.....	III.J-6
D. Future With the Proposed Action.....	III.J-6
Land Use, Zoning, and Public Policy Characteristics	III.J-6
Population and Housing Characteristics.....	III.J-7
Employment Characteristics	III.J-7
Aesthetic and Visual Characteristics.....	III.J-7
Historic Characteristics	III.J-8
Traffic and Transportation Characteristics.....	III.J-8
Noise and Air Quality Characteristics.....	III.J-9
E. Conclusion	III.J-9
Chapter III.K: Socioeconomics – Fjord Trail North	III.K-1
A. Introduction.....	III.K-1
B. Existing Conditions.....	III.K-1
Demographics and Municipal Boundaries	III.K-1
Economy.....	III.K-2
Fiscal Conditions.....	III.K-4
C. Future Without the Proposed Action.....	III.K-5
D. Future With the Proposed Action.....	III.K-5
E. Conclusion	III.K-6
Chapter III.L: Traffic and Transportation – Fjord Trail.....	III.L-1
A. Introduction.....	III.L-1
B. Existing Conditions.....	III.L-1
Parking	III.L-1
Traffic and Access.....	III.L-4

Hudson Highlands Fjord Trail

Transit.....	III.L-8
Pedestrians.....	III.L-9
Vehicle and Pedestrian Safety.....	III.L-9
C. Future Without the Proposed Action.....	III.L-11
Parking.....	III.L-11
Traffic and Access.....	III.L-12
Pedestrians.....	III.L-14
Transit.....	III.L-14
Vehicle and Pedestrian Safety.....	III.L-14
D. Future With the Proposed Action.....	III.L-15
Parking.....	III.L-15
Visitor Projection Estimates.....	III.L-17
Traffic and Access.....	III.L-19
Pedestrian.....	III.L-21
Transit.....	III.L-21
Vehicle and Pedestrian Safety.....	III.L-22
Construction Assessment.....	III.L-22
E. Mitigation.....	III.L-24
Traffic Operations.....	III.L-24
Visitor Demand Management Strategies.....	III.L-26
Chapter III.M: Infrastructure – Fjord Trail North.....	III.M-1
A. Introduction.....	III.M-1
B. Existing Conditions.....	III.M-1
Water Supply, Wastewater, and Sewerage.....	III.M-1
Electricity and Lighting.....	III.M-1
Roads, Rail, and Bridges.....	III.M-1
C. Future Without the Proposed Action.....	III.M-2
D. Future With the Proposed Action.....	III.M-3
Water Supply, Wastewater, and Sewerage.....	III.M-3
Electricity and Lighting.....	III.M-4
Roads, Rail, and Bridges.....	III.M-5
E. Conclusion.....	III.M-5
Chapter III.N: Emergency and Public Services – Fjord Trail North.....	III.N-1
A. Introduction.....	III.N-1
B. Existing Conditions.....	III.N-1
Police Services.....	III.N-1
Fire Protection Services.....	III.N-3
Ambulance and Emergency Rescue.....	III.N-4
OPRHP Staff and Resources.....	III.N-5
All Hazard Emergency Operations Plan.....	III.N-6
C. Future Without the Proposed Action.....	III.N-7
D. Future With the Proposed Action.....	III.N-7
Projected Conditions – Visitation.....	III.N-7
Emergency Service Provider Feedback.....	III.N-8
All Hazard Emergency Operations Plan.....	III.N-10
E. Mitigation.....	III.N-10

Chapter III.O: Other Planning Effort – Breakneck Ridge Visitor Use Management Plan – Fjord Trail North..... III.O-1

Chapter III.P: Hazardous Materials Assessment – Fjord Trail North..... III.P-1

- A. Introduction..... III.P-1
- Methodology III.P-2
- B. Existing Conditions..... III.P-3
- Historical Sanborn Map and Aerial Photograph Review III.P-4
- Regulatory Database Review III.P-4
- Phase I Environmental Site Assessment (ESA) – Proposed Maintenance Facility..... III.P-6
- C. Future Without the Proposed Action..... III.P-7
- D. Future With the Proposed Action..... III.P-7
- E. Mitigation..... III.P-9

Chapter IV.A: Land Use and Zoning – Fjord Trail South IV.A-1

- A. Introduction..... IV.A-1
- B. Existing Conditions..... IV.A-1
- Land Use IV.A-1
- Local Zoning Districts..... IV.A-2
- Public Policy IV.A-3
- C. Future Without the Proposed Action..... IV.A-6
- D. Future With the Proposed Action..... IV.A-6
- Land Use IV.A-6
- Local Zoning Districts..... IV.A-7
- Public Policy IV.A-7
- E. Conclusion IV.A-9

Chapter IV.B: Land Ownership, Management, and Maintenance – Fjord Trail South IV.B-1

- A. Introduction..... IV.B-1
- B. Existing Conditions..... IV.B-1
- Landowners Within or Adjacent to Fjord Trail South Corridor..... IV.B-1
- Management and Maintenance..... IV.B-3
- C. Future Without the Proposed Action..... IV.B-5
- D. Future With the Proposed Action..... IV.B-5
- Ownership IV.B-5
- Management and Maintenance..... IV.B-6
- E. Conclusion IV.B-9

Chapter IV.C: Land – Fjord Trail South IV.C-1

- A. Introduction..... IV.C-1
- Regulatory Context for Slopes and Accessibility..... IV.C-1
- B. Existing Conditions..... IV.C-2
- Surficial Geology and Soils..... IV.C-2
- Bedrock Geology..... IV.C-2
- Topography IV.C-4
- C. Future Without the Proposed Action..... IV.C-4
- D. Future With the Proposed Action..... IV.C-4
- Surficial Geology and Soils..... IV.C-4

Hudson Highlands Fjord Trail

Bedrock Geology IV.C-5
Topography..... IV.C-5
E. Conclusions IV.C-6

Chapter IV.D: Water Resources – Fjord Trail South.....IV.D-1

A. Introduction IV.D-1
Methodology..... IV.D-1
Regulatory Context..... IV.D-2
B. Existing Conditions IV.D-4
Groundwater IV.D-4
Floodplains IV.D-4
Wetlands IV.D-5
Surface Waters..... IV.D-6
Stormwater..... IV.D-7
C. Future Without the Proposed Action IV.D-8
D. Future With the Proposed Action IV.D-8
Groundwater IV.D-9
Floodplains IV.D-10
Wetlands IV.D-11
Surface Waters..... IV.D-11
Stormwater..... IV.D-13
E. Mitigation IV.D-13
F. References IV.D-13

Chapter IV.E: Biological Resources – Fjord Trail South.....IV.E-1

A. Introduction IV.E-1
B. Methodology..... IV.E-1
C. Existing Conditions IV.E-2
Designations IV.E-2
Ecological Communities..... IV.E-4
Plants IV.E-7
Animals..... IV.E-10
D. Future Without the Proposed Action IV.E-21
Ecological Communities..... IV.E-21
Plants IV.E-22
Animals..... IV.E-22
E. Future With the Proposed Action IV.E-22
Design Philosophy to Avoid and Minimize Effects IV.E-22
Ecological Communities..... IV.E-23
Plants IV.E-25
Animals..... IV.E-28
F. Mitigation IV.E-39
Ecological Communities and Plants IV.E-39
Animals..... IV.E-40
G. References IV.E-41

Chapter IV.F: Historic and Archaeological Resources – Fjord Trail South IV.F-1

A. Introduction IV.F-1

B. Methodology	IV.F-1
Identification of the Area of Potential Effect	IV.F-2
Identification of Archaeological and Architectural Resources.....	IV.F-2
C. Existing Conditions	IV.F-3
Archaeological Resources	IV.F-3
Architectural Resources	IV.F-3
D. Future Without the Proposed Action.....	IV.F-5
E. Future With the Proposed Action.....	IV.F-5
Archaeological Resources	IV.F-5
Architectural Resources	IV.F-6
F. Conclusion	IV.F-7
Chapter IV.G: Scenic Resources – Fjord Trail South	IV.G-1
A. Introduction.....	IV.G-1
Evaluating Visual Impacts	IV.G-2
B. Existing Conditions.....	IV.G-3
Views of the Trail Corridor.....	IV.G-3
Hudson Highlands Scenic Area of Statewide Significance (SASS).....	IV.G-4
C. Future Without the Proposed Action.....	IV.G-5
D. Future With the Proposed Action.....	IV.G-6
Potential Visual Impacts During Construction.....	IV.G-7
Potential Visual Impacts of Fjord Trail South.....	IV.G-7
Visual Analysis Renderings of Fjord Trail South	IV.G-10
Visual Impact on the Hudson Highlands SASS	IV.G-10
Views from Fjord Trail South	IV.G-11
E. Mitigation.....	IV.G-11
Chapter IV.H: Noise and Air Quality – Fjord Trail South.....	IV.H-1
A. Introduction.....	IV.H-1
Noise Fundamentals	IV.H-1
“A”-Weighted Sound Level (dBA)	IV.H-1
Effects of Distance on Noise	IV.H-2
Noise Descriptors Used in Impact Assessment.....	IV.H-2
Noise Standards and Impact Criteria.....	IV.H-3
B. Existing Conditions.....	IV.H-4
Noise	IV.H-4
Air Quality.....	IV.H-4
C. Future Without the Proposed Action.....	IV.H-5
Noise	IV.H-5
Air Quality.....	IV.H-5
D. Future With the Proposed Action.....	IV.H-5
Construction Activities.....	IV.H-5
Noise	IV.H-7
Air Quality.....	IV.H-9
E. Conclusion	IV.H-11
Noise	IV.H-11
Air Quality.....	IV.H-11

Chapter IV.I: Recreational and Open Space Resources, Accessibility – Fjord Trail South... IV.I-1

- A. Introduction IV.I-1
- B. Existing Conditions IV.I-1
 - Little Stony Point..... IV.I-2
 - Washburn Trail and Cornish Trail..... IV.I-3
 - Mayor’s Park IV.I-3
 - Dockside Park..... IV.I-4
- C. Future Without the Proposed Action..... IV.I-4
- D. Future With the Proposed Action IV.I-5
 - Construction..... IV.I-5
 - Operation IV.I-6
- E. Conclusion..... IV.I-8

Chapter IV.J: Growth and Community Character – Fjord Trail South..... IV.J-1

- A. Introduction IV.J-1
- B. Existing Conditions IV.J-1
 - Land Use, Zoning, and Public Policy Characteristics..... IV.J-1
 - Population and Housing Characteristics..... IV.J-2
 - Employment Characteristics..... IV.J-3
 - Aesthetic, Visual, and Lighting Characteristics..... IV.J-4
 - Historic Characteristics..... IV.J-5
 - Traffic and Transportation Characteristics IV.J-5
 - Noise and Air Quality Characteristics IV.J-6
- C. Future Without the Proposed Action..... IV.J-6
- D. Future With the Proposed Action IV.J-6
 - Land Use, Zoning, and Public Policy Characteristics..... IV.J-6
 - Population and Housing Characteristics..... IV.J-7
 - Employment Characteristics..... IV.J-7
 - Aesthetic, Visual, and Lighting Characteristics..... IV.J-7
 - Historic Characteristics..... IV.J-8
 - Traffic and Transportation Characteristics IV.J-8
 - Noise, Air Quality, and Lighting IV.J-9
- E. Conclusion..... IV.J-10

Chapter IV.K: Socioeconomics – Fjord Trail South..... IV.K-1

- A. Introduction IV.K-1
- B. Existing Conditions IV.K-1
 - Demographics and Municipal Boundaries..... IV.K-1
 - Economy IV.K-2
 - Fiscal Conditions IV.K-4
- C. Future Without the Proposed Action..... IV.K-5
- D. Future With the Proposed Action IV.K-5
 - Construction..... IV.K-5
 - Operation IV.K-8
- E. Conclusion..... IV.K-8

Chapter IV.L: Traffic and Transportation – Fjord TrailIV.L-1

Chapter IV.M: Infrastructure – Fjord Trail South..... IV.M-1

- A. Introduction..... IV.M-1
- B. Existing Conditions..... IV.M-1
 - Water Supply, Wastewater, and Sewerage..... IV.M-1
 - Electricity and Lighting..... IV.M-1
 - Roads, Rail, and Bridges..... IV.M-2
- C. Future Without the Proposed Action..... IV.M-2
- D. Future With the Proposed Action..... IV.M-3
 - Water Supply, Wastewater, and Sewerage..... IV.M-3
 - Electricity and Lighting..... IV.M-3
 - Roads, Rail, and Bridges..... IV.M-4
- E. Conclusion..... IV.M-4

Chapter IV.N: Emergency and Public Services – Fjord Trail South..... IV.N-1

- A. Introduction..... IV.N-1
- B. Existing Conditions..... IV.N-1
 - Police Services..... IV.N-1
 - Fire Protection Services..... IV.N-3
 - Ambulance and Emergency Rescue..... IV.N-4
 - OPRHP Staff and Resources..... IV.N-4
 - All Hazard Emergency Operations Plan..... IV.N-5
- C. Future Without the Proposed Action..... IV.N-7
- D. Future With the Proposed Action..... IV.N-7
 - Projected Conditions – Visitation..... IV.N-7
 - Emergency Service Provider Feedback..... IV.N-9
 - All Hazard Emergency Operations Plan..... IV.N-11
- E. Mitigation..... IV.N-11

Chapter IV.O: Other Planning Effort – Breakneck Ridge Visitor Use Management Plan – Fjord Trail South.....IV.O-1

Chapter IV.P: Hazardous Materials Assessment – Fjord Trail South..... IV.P-1

- A. Introduction..... IV.P-1
 - Methodology..... IV.P-2
- B. Existing Conditions..... IV.P-3
 - Historical Sanborn Map and Aerial Photograph Review..... IV.P-3
 - Regulatory Database Review..... IV.P-4
- C. Future Without the Proposed Action..... IV.P-5
- D. Future With the Proposed Action..... IV.P-5
- E. Mitigation..... IV.P-7

Chapter V: Alternatives..... V-1

- A. Introduction..... V-1
- B. Alternative 1: No Build/No Action Alternative..... V-2
 - Land Use and Zoning..... V-2
 - Land Ownership, Management, and Maintenance..... V-3
 - Land..... V-3
 - Water..... V-3

Hudson Highlands Fjord Trail

Biological Resources V-3
Historic and Archaeological Resources..... V-4
Scenic Resources V-4
Noise and Air Resources V-4
Recreation and Open Space Resources, Accessibility..... V-5
Growth and Community Character..... V-5
Socioeconomics V-5
Traffic and Transportation..... V-6
Infrastructure V-7
Emergency and Public Services..... V-7
Hazardous Materials Assessment V-7
C. Alternative 2: Alternative Alignment..... V-8
 Land Use and Zoning..... V-9
 Land Ownership, Management, and Maintenance V-10
 Land..... V-10
 Water V-11
 Biological Resources V-13
 Historic and Archaeological Resources..... V-14
 Scenic Resources V-15
 Noise and Air Resources V-15
 Recreation and Open Space Resources, Accessibility..... V-16
 Growth and Community Character..... V-17
 Socioeconomics V-17
 Traffic and Transportation..... V-17
 Infrastructure V-18
 Emergency and Public Services..... V-18
 Hazardous Materials Assessment V-19
Chapter VI: Cumulative Impacts VI-1
 A. Introduction VI-1
 B. Cumulative Impacts..... VI-2
 Potential Cumulative Impacts to Land Use and Zoning..... VI-2
 Potential Cumulative Impacts to Land Ownership, Management, and Maintenance..... VI-3
 Potential Cumulative Impacts to Land..... VI-3
 Potential Cumulative Impacts to Water Resources..... VI-4
 Potential Cumulative Impacts to Biological Resources..... VI-5
 Potential Cumulative Impacts to Historic and Archaeological Resources VI-7
 Potential Cumulative Impacts to Scenic Resources..... VI-7
 Potential Cumulative Impacts to Noise and Air Quality VI-8
 Potential Cumulative Impacts to Recreational and Open Space Resources, Accessibility VI-8
 Potential Cumulative Impacts to Growth and Community Character VI-9
 Potential Cumulative Impacts to Socioeconomics..... VI-9
 Potential Cumulative Impacts to Traffic and Transportation VI-10
 Potential Cumulative Impacts to Infrastructure VI-11
 Potential Cumulative Impacts to Emergency and Public Services VI-12
 Potential Cumulative Impacts to Hazardous Materials..... VI-12

Chapter VII: Unavoidable Adverse Impacts..... VII-1
A. Introduction.....VII-1
B. Summary of Unavoidable Impacts.....VII-1
 Construction (Short-Term).....VII-1
 Operation (Long-Term, Permanent).....VII-2

Chapter VIII: Irreversible and Irretrievable Commitment of Resources.....VIII-1

Chapter IX: Supplemental Environmental ReviewIX-1
A. Introduction.....IX-1
B. Supplemental Environmental Review.....IX-1

Chapter X: Coastal Zone Management Program Consistency..... X-1
A. Introduction.....X-1
B. Consistency With Coastal Zone PoliciesX-1
 New York State Coastal Management Program.....X-1
 City of Beacon Local Waterfront Revitalization Program.....X-15

Chapter XI: Climate Leadership and Community Protection ActXI-1

List of Tables

S-1 Construction Phasing	S-6
S-2 Involved Agencies and Potential Permits and Approvals.....	S-10
S-3 Measures to Avoid, Minimize, or Mitigate Adverse Impacts – Fjord Trail North	S-42
S-4 Measures to Avoid, Minimize, or Mitigate Adverse Impacts – Fjord Trail South	S-47
I-1 DGEIS Viewing Locations	I-12
II-1 Construction Phasing.....	II-10
II-2 Involved Agencies and Potential Permits and Approvals	II-13
III.B-1 Trash and Recycling Receptacles: Fjord Trail North Corridor	III.B-5
III.B-2 Hours Open to the Public: Fjord Trail North Corridor.....	III.B-5
III.C-1 Soils Underlying the Fjord Trail North Corridor	III.C-3
III.D-1 Federally Mapped Wetland Types within the Study Area	III.D-6
III.E-1 Approximate Areas of Ecological Communities within the Fjord Trail North Corridor	III.E-4
III.E-2 Essential Fish Habitat Designated Species within Fjord Trail North Vicinity	III.E-16
III.H-1 Common Noise Levels.....	III.H-2
III.H-2 City of Beacon Maximum Permissible Outdoor Continuous Sound Level Limits by Receiving Land Use	III.H-4
III.H-3 Representative Monitored Ambient Air Quality Data	III.H-5
III.I-1 Existing Recreational and Open Space Resources, Fjord Trail North Corridor	III.I-2
III.J-1 Employment Sector (2019).....	III.J-4
III.K-1 Population and Population Density 2018-2022 ACS 5-Year Estimate.....	III.K-2
III.K-2 Primary Employment by Industry (2021)	III.K-2
III.K.3 Tourism Sales and Tax Revenue Millions of Nominal Dollars.....	III.K-3
III.L-1 Summary of Existing Area Parking Supply and Utilization – Fall 2023.....	III.L-3
III.L-2 2023 Existing Conditions Level of Service Analysis.....	III.L-8
III.L-3 Study Area Crash Summary – Area Road Segments.....	III.L-10
III.L-4 2023 Existing and 2033 No Action Conditions Level of Service Analysis.....	III.L-13
III.L-5 Summary of Projected With Action Study Area Parking Supply and Utilization...	III.L-16
III.L-6 2033 Net New Peak Hour Visitation by Travel Mode	III.L-19
III.L-7 2033 No Action and With Action Conditions Analysis	III.L-20
III.L-8 2033 No Action, With Action, and Mitigation Conditions Analysis Main Street and NYS Route 9D (Chestnut Street/Morris Avenue).....	III.L-25
III.L-9 2033 No Action, With Action, and Mitigation Conditions Analysis Fair Street/Washburn Lot Entrance and NYS Route 9D	III.L-26
III.M-1 Proposed Restroom Buildings	III.M-3
III.M-2 Water Demand / Sewage Generation	III.M-4

III.M-3 Potential Water Demand for Restroom Buildings on Municipal Services.....III.M-4
III.M-4 Maintenance Facility Water Demand / Sewage Generation III.M-4
III.P-1 Assessment of Database Area Remediation Sites III.P-5
IV.B-1 Trash and Recycling Receptacles: Fjord Trail South Corridor..... IV.B-4
IV.B-2 Hours Open to the Public: Fjord Trail South Corridor IV.B-5
IV.C-1 Soils Underlying the Fjord Trail South Corridor IV.C-3
IV.D-1 Federally Mapped Wetland Types within the Study Area..... IV.D-5
IV.E-1 Approximate Areas of Ecological Communities within Fjord Trail South Corridor.IV.E-5
IV.H-1 Common Noise Levels IV.H-2
IV.H-2 Representative Monitored Ambient Air Quality Data..... IV.H-5
IV.I-1 Existing Recreational and Open Space Resources, Fjord Trail South CorridorIV.I-2
IV.J-1 Employment Sector (2019) IV.J-4
IV.K-1 Population and Population Density 2018–2022 ACS 5-Year Estimate..... IV.K-1
IV.K-2 Primary Employment by Industry (2021)..... IV.K-2
IV.K-3 Putnam County Tourism Sales and Tax Revenue Millions of Nominal Dollars..... IV.K-3
IV.K-4 Economic Benefits of Project Construction per \$10 Million of Investment IV.K-7
IV.M-1 Proposed Restroom Buildings..... IV.M-3
IV.M-2 Potential Restroom Buildings Water Demand..... IV.M-3
IV.P-1 Assessment of Database Area Remediation Sites IV.P-5

Figure S-1	Proposed Fjord Trail North	S-1
Figure S-2a	Proposed Fjord Trail North and Ancillary Components	S-2
Figure S-2b	Proposed Fjord Trail South and Ancillary Components	S-2
Figure S-2c	Proposed Fjord Trail South and Ancillary Components	S-2
Figure S-3a	Construction Phasing (Fjord Trail North)	S-5
Figure S-3b	Construction Phasing (Fjord Trail North)	S-5
Figure S-3c	Construction Phasing (Fjord Trail South)	S-5
Figure S-4	Reach 1 Alternative Alignments: Dockside Park to Little Stony Point	S-57
Figure S-5	Reach 2 Alternative Alignments: Little Stony Point to Breakneck.....	S-57
Figure S-6	Reach 4 Alternative Alignments: Breakneck Connector to Beacon.....	S-57
Figure I-1	Project Location	I-1
Figure I-2a	Map of Hudson Highlands State Park Preserve - North.....	I-6
Figure I-2b	Map of Hudson Highlands State Park Preserve - South.....	I-6
Figure II-1a	Proposed Fjord Trail North and Ancillary Components	II-2
Figure II-1b	Proposed Fjord Trail North and Ancillary Components	II-2
Figure II-1c	Proposed Fjord Trail South and Ancillary Components	II-2
Figure II-2a	Potential Area of Disturbance	II-5
Figure II-2b	Potential Area of Disturbance	II-6
Figure II-2c	Potential Area of Disturbance	II-8
Figure II-3a	Construction Phasing (Fjord Trail North)	II-9
Figure II-3b	Construction Phasing (Fjord Trail North)	II-9
Figure II-3c	Construction Phasing (Fjord Trail South)	II-9
Figure II-4	Construction Logistics for Fjord Trail South	II-11
Figure III.A-1a	Existing Land Use	III.A-1
Figure III.A-1b	Existing Land Use	III.A-1
Figure III.A-2a	Existing Zoning – City of Beacon.....	III.A-3
Figure III.A-2b	Existing Zoning – Town of Fishkill	III.A-3
Figure III.A-3	Proposed Shuttle Service.....	III.A-10
Figure III.B-1a	Land Ownership Along the Fjord Trail North Corridor.....	III.B-1
Figure III.B-1b	Land Ownership Along the Fjord Trail North Corridor.....	III.B-1
Figure III.C-1a	NRCS Soils	III.C-2
Figure III.C-1b	NRCS Soils	III.C-2
Figure III.C-2	Bedrock Geology.....	III.C-5
Figure III.C-3	Fault Line Locations.....	III.C-5

Figure III.C-4a	Topography	III.C-5
Figure III.C-4b	Topography	III.C-5
Figure III.C-4c	Topography	III.C-5
Figure III.C-4d	Topography	III.C-5
Figure III.C-4e	Topography	III.C-5
Figure III.C-5a	Steep Slopes	III.C-5
Figure III.C-5b	Steep Slopes	III.C-5
Figure III.D-1	Sole Source Aquifers	III.D-4
Figure III.D-2	FEMA 100-year and 500-year Floodplains	III.D-5
Figure III.D-3	NYSDEC Regulated Wetlands	III.D-5
Figure III.D-4a	NWI Wetlands	III.D-6
Figure III.D-4b	NWI Wetlands	III.D-6
Figure III.D-5a	Surface Waters	III.D-7
Figure III.D-5b	Surface Waters	III.D-7
Figure III.D-6	Watersheds	III.D-7
Figure III.E-1a	Ecological Communities	III.E-4
Figure III.E-1b	Ecological Communities	III.E-4
Figure III.E-1c	Ecological Communities	III.E-4
Figure III.E-1d	Ecological Communities	III.E-4
Figure III.E-1e	Ecological Communities	III.E-4
Figure III.E-2a	NYS Significant Natural Communities.....	III.E-4
Figure III.E-2b	NYS Significant Natural Communities.....	III.E-4
Figure III.E-3a	NYSDEC-mapped Areas of Submerged Aquatic Vegetation (SAV) in Hudson River.....	III.E-7
Figure III.E-3b	NYSDEC-mapped Areas of Submerged Aquatic Vegetation (SAV) in Hudson River.....	III.E-7
Figure III.F-1a	Area of Potential Effect	III.F-2
Figure III.F-1b	Area of Potential Effect	III.F-2
Figure III.F-2a	Areas Identified as Archaeologically Sensitive in Phase 1A Study.....	III.F-3
Figure III.F-2b	Areas identified as Archaeologically Sensitive in Phase 1A Study.....	III.F-3
Figure III.F-3	Known Architectural Resources	III.F-6
Figure III.F-4	Potential Architectural Resources.....	III.F-6
Figure III.F-5	Hudson River Valley National Heritage Area	III.F-7
Figure III.G-1	Scenic Resources	III.G-3
Figure III.G-2	Scenic Resources	III.G-3
Figure III.G-3	Scenic Resources	III.G-3
Figure III.G-4	Scenic Resources	III.G-3
Figure III.G-5	Scenic Resources	III.G-3
Figure III.G-6	Scenic Resources	III.G-3
Figure III.I-1a	Recreational Resources Location.....	III.I-1
Figure III.I-1b	Recreational Resources Location.....	III.I-1
Figure III.L-1	Parking and Emergency Access Locations	III.L-2

Hudson Highlands Fjord Trail

Figure III.L-2	Study Area Intersections	III.L-4
Figure III.L-3	2023 Existing Traffic Volumes; Saturday Midday Peak Hours (12:00 PM – 1:00 PM)	III.L-6
Figure III.L-4	2023 Existing Traffic Volumes; Sunday Midday Peak Hours (11:45 AM – 12:45 PM).....	III.L-6
Figure III.L-5	2023 No Action Traffic Volumes; Saturday Midday Peak Hours (12:00 PM – 1:00 PM)	III.L-12
Figure III.L-6	2023 No Action Traffic Volumes; Sunday Midday Peak Hours (11:45 AM – 12:45 PM).....	III.L-12
Figure III.L-7	Area Trip Distribution Percentages.....	III.L-19
Figure III.L-8	Study Intersection Project Trip Distribution Percentages: Saturday Peak Hour	III.L-19
Figure III.L-9	Study Intersection Project Trip Distribution Percentages: Sunday Peak Hour	III.L-19
Figure III.L-10	Project Generated Trips: Saturday Midday Peak Hour (12:00 PM – 1:00 PM)	III.L-19
Figure III.L-11	Project Generated Trips: Sunday Midday Peak Hour (11:45 AM – 12:45 PM)	III.L-19
Figure III.L-12	2023 With Action Traffic Volumes: Saturday Midday Peak Hour (12:00pm – 1:00pm)	III.L-19
Figure III.L-13	2023 With Action Traffic Volumes: Sunday Midday Peak Hour (11:45am – 12:45pm)	III.L-19
Figure III.M-1	Study Area Roadways, Bridges, and Tunnels	III.M-1
Figure III.N-1	Location of Emergency Services.....	III.N-1
Figure III.N-2	Location of Emergency Services – Fjord Trail North Corridor	III.N-1
Figure III.P-1	Hazardous Materials.....	III.P-1
Figure IV.A-1	Existing Land Use	IV.A-1
Figure IV.A-2a	Existing Zoning - Philipstown.....	IV.A-2
Figure IV.A-2b	Existing Zoning - Cold Spring	IV.A-2
Figure IV.A-3	Proposed Shuttle Service.....	IV.A-7
Figure IV.B-1	Land Ownership Along the Fjord Trail South Corridor.....	IV.B-1
Figure IV.C-1	NRCS Soils	IV.C-2
Figure IV.C-2	Bedrock Geology.....	IV.C-2
Figure IV.C-3	Fault Line Locations.....	IV.C-2
Figure IV.C-4a	Topography	IV.C-4
Figure IV.C-4b	Topography	IV.C-4
Figure IV.C-4c	Topography	IV.C-4
Figure IV.C-5	Steep Slopes	IV.C-4
Figure IV.D-1	Sole Source Aquifers.....	IV.D-4
Figure IV.D-2	FEMA 100-year and 500-year Floodplains.....	IV.D-4
Figure IV.D-3	NYSDEC Regulated Wetlands.....	IV.D-5
Figure IV.D-4	NWI Wetlands.....	IV.D-5
Figure IV.D-5a	Delineated Wetlands	IV.D-5

Figure IV.D-5b	Delineated Wetlands	IV.D-5
Figure IV.D-5c	Delineated Wetlands	IV.D-5
Figure IV.D-6	Surface Waters	IV.D-6
Figure IV.D-7	Watersheds	IV.D-7
Figure IV.E-1a	Ecological Communities	IV.E-4
Figure IV.E-1b	Ecological Communities	IV.E-4
Figure IV.E-1c	Ecological Communities	IV.E-4
Figure IV.E-2	NYS Significant Natural Communities	IV.E-7
Figure IV.E-3	NYSDEC-mapped Areas of Submerged Aquatic Vegetation (SAV) in Hudson River	IV.E-8
Figure IV.F-1	Area of Potential Effect	IV.F-2
Figure IV.F-2	Known Architectural Resources	IV.F-3
Figure IV.F-3	Potential Architectural Resources	IV.F-4
Figure IV.F-4	Hudson River Valley National Heritage Area	IV.F-5
Figure IV.F-5	Areas Identified as Archaeologically Sensitive in Phase 1A Study	IV.F-5
Figure IV.G-1	Scenic Resources	IV.G-3
Figure IV.G-2	Scenic Resources	IV.G-3
Figure IV.G-3	Scenic Resources	IV.G-3
Figure IV.G-4	Scenic Resources	IV.G-3
Figure IV.G-5	Scenic Resources	IV.G-3
Figure IV.G-6	Scenic Resources	IV.G-10
Figure IV.G-7	Scenic Resources	IV.G-10
Figure IV.I-1	Recreational Resources Location	IV.I-1
Figure IV.M-1	Study Area Roadways, Bridges, and Tunnels	IV.M-2
Figure IV.N-1	Location of Emergency Services	IV.N-1
Figure IV.N-2	Location of Emergency Services – Fjord Trail South Corridor	IV.N-1
Figure IV.P-1	Hazardous Materials	IV.P-1
Figure V-1	Reach 1 Alternative Alignments: Dockside Park to Little Stony Point	V-1
Figure V-2	Reach 2 Alternative Alignments: Little Stony Point to Breakneck	V-1
Figure V-3	Reach 4 Alternative Alignments: Breakneck Connector to Beacon	V-1
Figure X-1	Coastal Zone, Significant Coastal Fish and Wildlife Habitats, and Local Waterfront Revitalization Plans	X-1
Figure XI-1	Disadvantaged Communities	XI-1

VOLUME 2: APPENDICES

Appendix I SEQRA Documents

- I-1: Final Scoping Document
- I-2: Full Environmental Assessment Form
- I-3: Positive Declaration

Appendix II Construction Logistics – Fjord Trail South

- II-1 : Construction Logistics Report (North)
- II-2: Construction Logistics Report (South)

Appendix III/IV.C Geotechnical Report

Appendix III/IV.D Water Resources

Appendix III/IV.E Biological Resources

- III/IV.E-1: Biological Resources Tables
- III/IV.E-2: IPaC Results
- III/IV.E-3: Draft Submerged Aquatic Vegetation Survey Report

Appendix III/IV.F Historic and Archaeological Resources

- III/IV.F-1: SHPO Correspondence
- III/IV.F-2: Draft Letter of Resolution

Appendix III/IV.L Transportation

- III/IV.L-1: Intersection Capacity Analysis Methodology
- III/IV.L-2: Traffic Count Volume Summary Memo - TMC, Pedestrian, Bike, ATR Data
- III/IV.L-3: Synchro Output Reports - 2023 Existing Conditions
- III/IV.L-4: HHFT Visitor Utilization Study
- III/IV.L-5: NYSDOT Accident Data Records
- III/IV.L-6: Parking Supply Table
- III/IV.L-7: Synchro Output Reports - 2033 No Action Conditions
- III/IV.L-8: Fjord Trail Visitation Projection
- III/IV.L-9: Synchro Output Reports - 2033 With Action Conditions
- III/IV.L-10: Synchro Output Reports - 2033 Mitigation Conditions

Appendix III/IV.N Emergency Service Providers Correspondence

Appendix III/IV.P Soil and Materials Management Plan (SMMP)

Appendix V Alternatives

- V-1: Alternative Alignments Analysis (February 2022)
- V-2: Alternative Alignments Analysis 2024 Addendum (August 2024)

Appendix X Coastal Zone Assessment Forms

- X-1: State Coastal Assessment Form – Fjord Trail North
- X-2: State Coastal Assessment Form – Fjord Trail South
