- Size E:** 12" H x 12" W Paver \$1,000.00
up to 12 lines, 22 characters per line

Green Lakes State Park invites you to become a part of our Celebration Walkway at the Environmental Education Center by sponsoring an engraved paver. The pavers will be a symbol of memories and love of the park and will support environmental programs exploring the park's natural and cultural wonders with visitors and students.

The pavers are perfect for families, individuals, alumni and classes, teacher appreciation, athletic teams, and local businesses.

How would you like your paver to be engraved?

- Names and dates only; all text subject to review and may be rejected for inappropriate verbiage.
- Spaces and punctuation count as characters. Be sure to account for them.
- Ideas: In honor of, In memory of, Class of 20XX, friend, family member, pet name, happy birthday, congratulations, etc.
- You do not need to use all lines, for example on large pavers, you may leave top and bottom lines blank.

Paver installations will occur annually in the fall. You will receive notification after placement of your paver. Unfortunately, we cannot accept requests for specific placements. Pavers are durable but are subject to weathering and normal wear. They will last very long time, but we cannot guarantee their existence beyond 10 years.
