REQUIRED EQUIPMENT

ALL NEW YORK STATE PARKS

Fishing Tackle, including **Rods**, and **Reels**

(For all persons age 12 and over)

Portable Toilet

Tow Rope or Tow Chain

Jack, Jack Board, Shovel

Approved Tires, Spare Tire

(Maximum of 35 inches in diameter by 12.5 inches in width)

Tire Gauge

(Capable of registering a minimum of 5 PSI.)

TIPS AND PRACTICES

- Wherever possible, use existing tracks.
- Driving all over the beach is reckless and can be harmful.
- Use designated access roads only. Undesignated area access is illegal and can cause erosion leaving the beach vulnerable to storm damage.
- Ruts and holes caused by a stuck vehicle must be filled in after said vehicle has been removed.
- Tire pressure should be at least one half the maximum recommended pressure located on the sidewall of the tire.
- A pressure of 16 to 20 pounds is a safe range.
- Stay away from all vegetation as the weight of the vehicle could destroy root systems.
- Avoid the high-water rack line, as birds often feed in this area, and it is subject to debris and hard conch shells that could damage your tires.

WHAT IF I GET STUCK?

*Do not spin your tires

*Check and make sure you are in 4-wheel drive.

*Lower tire pressure between 15 and 19 PSI.

*Pull a small amount of sand away from the front and rear of all four tires.

*Slowly attempt to drive in reverse, where the sand is compacted.

*Keep front tires straight, back up and attempt to free your vehicle.

*Proceed evenly, keeping up your momentum without spinning your tires.

*If buried, jack vehicle up first, then compact sand under tires.

EXTRA SAFETY EQUIPMENT

*Portable cellular phone *Fire Extinguisher *Tire Inflation Device

*CB Radio *Tool Kit *Flashlight *First Aid Kit *Garbage Bags

PIPING PLOVER

Plovers, least terns and other endangered species

Endangered and threatened species including piping plovers. Least terns and a rare beach plant called sea-beach amaranth can be found on some beaches. Please respect symbolic fencing and barricades that have been installed to protect these areas and wildlife. Persons may be arrested and fined for killing, harassing or in any way disturbing these species.

Beach is subject to closure during nesting season

For your safety and safety of others ...

Do not feed, attract, touch, or harass any wildlife. Animals in the park may seem tame, but they are still wild. Please report any odd behavior seen in animals, or any bites, scratches, or other contact with wild or domestic animals to a park official immediately.
