Commissioner

Experience seals in their natural environment! The New York State Office of Parks, Recreation and Historic Preservation is pleased to announce that Montauk Point State Park will host a series of hikes to observe wintering seals. Beginning in November and continuing through April 2022, a State Park naturalist will lead visitors on a scenic beach walk to an area where up to four species of seals can be observed. Along the hike, there will be opportunities to see many winter birds and to explore marine geology. If you'd like, bring binoculars!

Hikers will meet at the Office/Restroom building in the lower parking lot. Please try to arrive 10 minutes before the start time. Wear clothing appropriate for the weather and comfortable shoes for hiking. We will be outdoors for approximately 2 hours and the hike is approximately 3-miles long. Strollers are not recommended. Space is limited and **RESERVATIONS ARE REQUIRED!** To register, go to [Eventbrite.com](https://www.eventbrite.com) and search "Seal Walks at Montauk Point." Call 631-668-5000 (ext. 0) for more information.

\$4 per person; Children under 3 are FREE! Seal program dates and times are as follows:

November 2021:

Saturday 27 9:00 am
Sunday 28 9:00 am
