In order to expedite the SHPO review process, provide the information outlined below for the appropriate project category with this cover form. If you have questions regarding the requested information you can contact the NYSHPO. Regional staff contact information can be found at <http://nysparks.state.ny.us>. Click on Historic Preservation; next click on Territorial Assignments. Staff members are listed by the counties they service.

Demolition Projects

For demolition projects on a small scale (fewer than 20 individual buildings), provide the following for each building:

- An individual Building/Structure Inventory Form (at <http://nysparks.state.ny.us> under Environmental Review/Forms).
- Color photographs (digital are acceptable). These should depict the building on the exterior (1-3 views), representative interior views if accessible (2-5 views) and at least one image of the building in its streetscape (showing the buildings to either side).
- Map depicting the location of the project.

For demolition projects on a large scale (more than 20 individual buildings) information should be submitted in table format using MS Excel (in electronic format if possible) that provides the following data:

- Building Address
- Date of construction
- Materials (frame, brick, stone)
- Significant Structure Damage (burned, partial collapse, condemned)
- Color photographs (digital are acceptable). These should depict the building on the exterior (1 clear image) and at least one image of the building in its streetscape (showing the buildings to either side). *These can be submitted on CD with each building photo file identified by address.*
- Map depicting multiple project locations by address. This can also be on CD.

Rehabilitation Projects

For individual rehabilitation projects, provide the following:

- An individual Building/Structure Inventory Form (at the OPRHP web site under Environmental Review/Forms).
- Color photographs (digital are acceptable). These should depict the building on the exterior (1-3 views), representative interior views if accessible (2-5 views) and at least one image of the building in its streetscape (showing the buildings to either side).
- Project map depicting the location of the project location.
- Project narrative explaining work to be proposed. For small façade improvement projects sketch plans and materials descriptions are very helpful. For large scale projects plans may be requested.

New Construction Projects

For new construction projects, provide the following:

- Color photographs (digital are acceptable). These should depict the lot on which the building is being placed. Additional photographs should depict the setting of the new construction.
- Document what had previously been on the site if demolition project is not part of the proposal.
- Project map depicting the location of the project location.
- Depiction of proposed construction including a site plan and at least one elevation.

To check for National Register listed properties, historic districts and archaeologically sensitive areas that may include or involve your project, please go to: <http://nysparks.state.ny.us> then select HISTORIC PRESERVATION then select On Line Resources then go to the Public GIS Program.
