**Master Plan**

**Hudson Highlands State Park Preserve**

**Orientation**
- Existing parking lots will be expanded to the north and restrooms.
- A new parking lot will be developed at this location that will accommodate approximately 60 cars.

**Visitor Center**
- A new visitor center will be developed at the Point.
- The plan recommends that lands adjacent to the trail head be acquired.
- This will improve access to the trails.

**Little Stony Point**
- A new informational kiosk will be placed near the trailhead at Arden Point.
- A new parking area that is away from the rail.

**Hunting**
- Bow hunting will be expanded west of Route 9D and will provide an established parking area that is away from the road.

**Natural Resource Management**
- Management strategies for the following have been developed and will be implemented:
  - Rare and Endangered Species,
  - Invasive Species,
  - Rare and Endangered Communities,
  - Property Boundary.

**Park Preserve**
- It is recommended that a nomination be developed for the facility that will provide an established parking area that is away from the road.
