The park will proceed with the following strategies on and protecting the park from development outside the park, which may negatively impact the scenic resources.

- Park Preservation Area (PPA) will be created for the parkland south of NY State Route 2.
- A Park Preservation Area (PPA) will be created for the parkland south of NY State Route 2.
- A Bird Conservation Area will be created for the parkland south of NY State Route 2.
- A Park Preservation Area (PPA) will be created for the parkland south of NY State Route 2.
- A Bird Conservation Area will be created for the parkland south of NY State Route 2.

CUSTOY, and SCENIC RESOURCE PROTECTION:

Conservators

- The park will proceed with the recommendation made by the NY State Historic Preservation Office.
- Dickinson Hill Fire Tower

Trails

- A comprehensive scenic resource management plan will be developed for the fire tower, lake shorelines and hiking trails.
- The park, the region, and the agency will maintain a policy of commenting on and protecting the park from development outside the park, which may negatively impact the scenic resources.

NATURAL RESOURCE PROTECTION

- Park Preservation Area
  - A Park Preservation Area (PPA) will be created for the parkland south of NY State Route 2.
- Bird Conservation Area
  - An ISPZ will be created for the entire park.
- Lake Water Quality
  - A systematic regular monitoring program will be developed and implemented.
- Aquatic Resource
  - All SFW will be monitored for the entire park.
- Invasive Species Management
  - An ISPZ will be created for the entire park.
- Beaver/Beaver Management
  - Power washing stations will be installed at the lake launch and the Long Pond boat launch. Invasive species disposal bins will be installed at all boat launches.
- Non-Threatened and Endangered Species
  - All threatened and endangered fauna and flora will be restored based on NHP reports and DEC recommendations.
- Reduced Mining
  - The existing trench drain will be rehabilitated and upgraded to drain into a new system of raingardens.

Legend

- Fire tower
- Beach
- Campground
- Bike path
- Boat launch
- Parking
- Restrooms
- Silt fence
- Water
- Pond
