

Environmental Education Intern Team (10 open positions)

10 members will live and work together as part of the SCA New York State Parks Corps Thousand Islands Regional Team; a team engaged in conservation service consistent with the mission and guiding principles of OPRHP. Their focus areas will be environmental education and trail construction and maintenance. Members will have opportunities to educate the public and raise their awareness of the environment and environmental issues. Members will also learn the principles of sustainable trail design, skills to construct and maintain trails, and the importance of trail development as a resource management tool in natural areas.

Starts: January 23rd, 2017
Ends: November 17th, 2017

SCA Parks Corps Benefits

\$200/week living allowance

Housing Provided

\$5,815 Americorps Education Award

Eligible for free health insurance
